RELAY RUNNERS

Relay Teams require 2-4 team members to complete the four legs of the race.

From the start, measure 13km and find a safe place to park – this is change over between Leg 1 and Leg 2. The other change overs are at Quaid Road Checkpoint (27km mark) and the Top of the Bump (44km mark).

All teams start at 6.00am. Ensure your support vehicle leaves prior to the start of the race so we don't have to eat your driver's dust!

Those who paid for transport as part of their registration will be picked up in the morning and dropped back to their car or in Cairns City after the race.

Transport to the Start

Contact us on info@dynamicrunning.com.au if you need to be picked up in town.

Return journey

It takes about 1 hour to drive from Port Douglas back to Cairns.

There may be a delay in getting home after the event as we rely on club members and fellow competitors to help out. **Put some warm clothes and a snack in your bag** to go to the finish line. Please see the Race Director as soon as practical after completing the event to sort out a lift.

INSURANCE, REFUNDS AND CANCELLATIONS

Note that there are **NO REFUNDS or TRANSFERS** for this event.

Event organiser, Dynamic Running Ltd., has \$20 million public liability insurance cover. This does not include travel and personal accident insurance for competitors or volunteers. We recommend that you arrange your own personal accident insurance before participating in the event to cover any unforeseen personal costs you may incur due to travel, medical expenses, or time off work due to injuries sustained whilst participating in the event.

We appreciate that circumstances arise where you may no longer be able to participate in the event.

Should the event be cancelled for any reason whatsoever entry fees in full or part may not be refunded and no liability of any kind will attach to any person, corporation or body involved or otherwise engaged in promoting or staging the event. In the event that the course is, in the opinion of the event organiser, unsafe (for example due to heavy rains or bushfires), the organiser may attempt to re-route the course, find an alternative shortened course or cancel the event. Due to travel and commitment involved by competitors, it is not practical to re-schedule the event to any other weekend.

MEDICAL ADVICE

Ensure that you are in good health and that you do not have any illness that will hinder your ability to complete the event. It is your responsibility to monitor your health and condition during the event and to withdraw from the event if you are no longer fit enough to continue. Whether you have a medical condition or not, if you feel unwell on race day - don't race.

If you have any known medical condition (such as diabetes, asthma, allergy to penicillin, etc.) please ensure you have written all your medical details including any medication on the back of your race bib, include your Medicare number, next of kin and emergency contact details. This is not just an administrative request, it could be a matter of life and death in an emergency.

FIRST AID

Apart from staying hydrated, competitors must take responsibility for their own nutritional needs and safety during and between checkpoints. Read the document '**Running Safely on Trails in the FNQ**'. **Ensure you know how to deal with a snake bite. Carry the required compression bandage(s)* and a whistle.** A basic first aid kit is available at each checkpoint. If you get injured, you must attract the attention of others out on the course. Note that, due to the remoteness of the event, there will be a delayed emergency response time. You must be in good health to compete in this event

**1 x AERO Snake bandages (10cmx10.5m) or 2 x Elastoplast or 2 x Handy's heavy crepe bandages (10cmx2.3m) for strong, secure bandaging. Triangular bandages, small crepe bandages, etc. are of little use in treating snake bites.*

Watch this video on how to treat a snake bite: <https://youtu.be/p8Cu86tqqqE>

VOLUNTEERS AND RACE SUPPORT

Races like these don't just happen. It takes a lot of effort before, during and after the event to make it a successful and enjoyable experience. The more people that are involved, the easier it is on individuals and the stronger the sense of community we build. Please contact us via email (racedirector@dynamicrunning.com.au) if you or a family member/friend are able to help out.

Support crews are not required, nor necessary. Your family and friends will be better off helping at a checkpoint, as a marshal or at the finish line for the day. If you do choose to have a support crew, they are permitted to assist runners anywhere along the course where vehicle access is available. PLEASE drive slowly, there are runners on the road! Read the **support crew information document** for more details.

CHECKPOINTS

The purpose of the checkpoints is to ensure the safety of the competitors. **Make sure the marshal records your time and race number** when you come through each checkpoint. Team members must BOTH check in with the marshal, if there is a change over (except for Leg 1-Leg 2). Failing to pass through a checkpoint or failing to stop to get your race number recorded will result in disqualification.

Water, salty chips, lollies, Tailwind and fruit will be available at the checkpoints and at the finish.

Checkpoint locations:

27km Quaid Road Drop box.

43km Top of the Bump No drop box.

54km Captain Cook Highway. All competitors must reach the Highway Checkpoint by 5.00pm. No drop box.

The following conditions apply to gear placed in the drop box at the start line and available at Quaid Road Checkpoint:

- Use a disposable bag. There is no option to retrieve your drop bag after the race, unless you are willing to collect it in Whitfield, Cairns after the race. Arrange a pick up time with Lorraine Lawson (0417 798 444 or info@dynamicrunning.com.au).
- Make sure your bag is clearly labelled with your race number.
- ONLY include non-perishable items.
- ONLY include as many energy bars/drinks as you can physically use at the checkpoint – or intend on taking with you for the remainder of the race.
- DO NOT put valuable items such as shoes, socks or race belts in the drop box.
- No glass bottles please.
- Containers must be sealed (i.e. will not leak if laid down) and must be no more than 30cm in height.

COURSE MARKING

There will be course markings at track junctions and road intersections. The course is marked with bright pink directional arrows '→', crosses 'X' and blue & orange flagging tape. You do not need to navigate your way along the course, but for safety reasons you are required to carry the maps (digital or paper copy). Be familiar with the terrain and directions as signs are occasionally removed off the course, despite our best efforts.

COURSE DESCRIPTION, MAPS AND PROFILE

Terrain: Dirt roads, causeways (which may be slippery or muddy), footpaths, and hard beach sand. The course is undulating with one very steep, but short descent on the Bump Track.

Go online to view and download the course from the All Trails website (<https://www.alltrails.com/explore/map/k2pd-2021-e046cbb?u=m&sh=vvy4ph>).

60KM – K2PD: FIRST 27 KM

0km – 13km (*Relay Leg 1*): From the start run along Black Mountain Road.

13km – 27km (*Relay Leg 2*): Continue along Black Mountain Road to Quaid Road. CHECKPOINT

NEXT 16KM – BLACK MOUNTAIN ROAD FROM QUAID TO TOP OF THE BUMP

27km – 43km (*Relay Leg 3*): Continue along Black Mountain Road to the top of the Bump Track. DO NOT turn off Black Mountain Road. Close to the Top of the Bump Checkpoint there is a road off to the left called 'Bump Road'. **Don't turn off into that road!** The **Bump Track** is at the CHECKPOINT and you will be turning **RIGHT** and heading down toward Port Douglas once you reach the checkpoint.

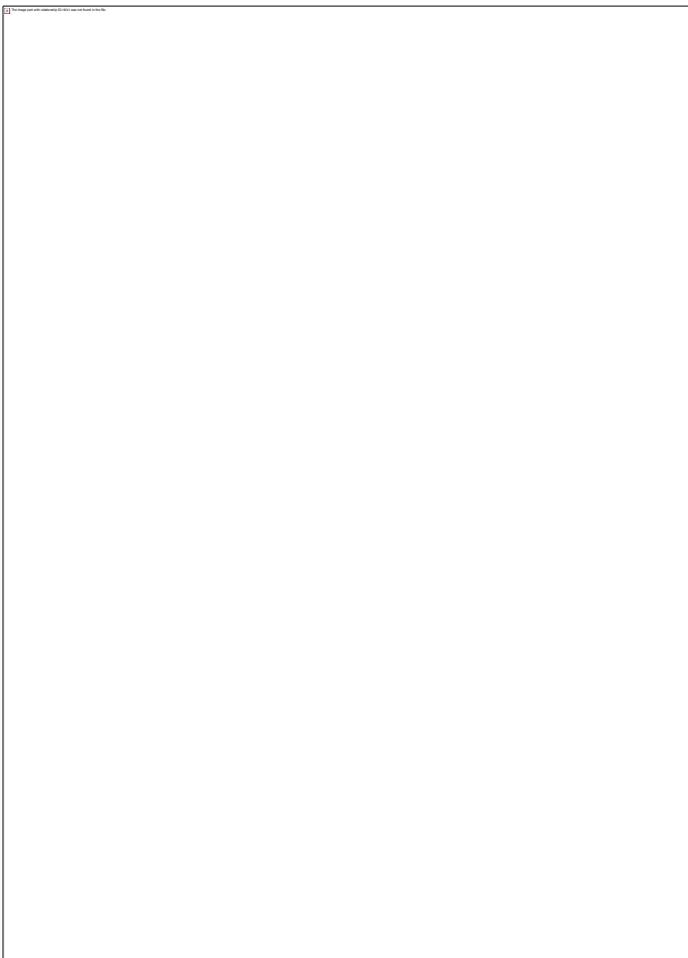

THE LAST 17KM – BUMP TO BEACH

43km – 60km (Relay Leg 4): The historic 6km Bump Track offers views of the Mowbray River valley where the Mowbray River drops through a gorge carved into the forested foothills of the Macalister Range. It was blazed in 1877 by Christie Palmerston, a prominent bushman and pathfinder of the times and was the main access from the Hodgkinson Goldfield to the port facilities at Port Douglas. The Bump Track was infamous for its steepness. Passengers on the horse-drawn coach service had to get out and walk when going up or coming down the section known as Slatey Pinch – a cutting through slate rock at a steep 1 in 3 grade, about 1 kilometre from the bottom of the tack.

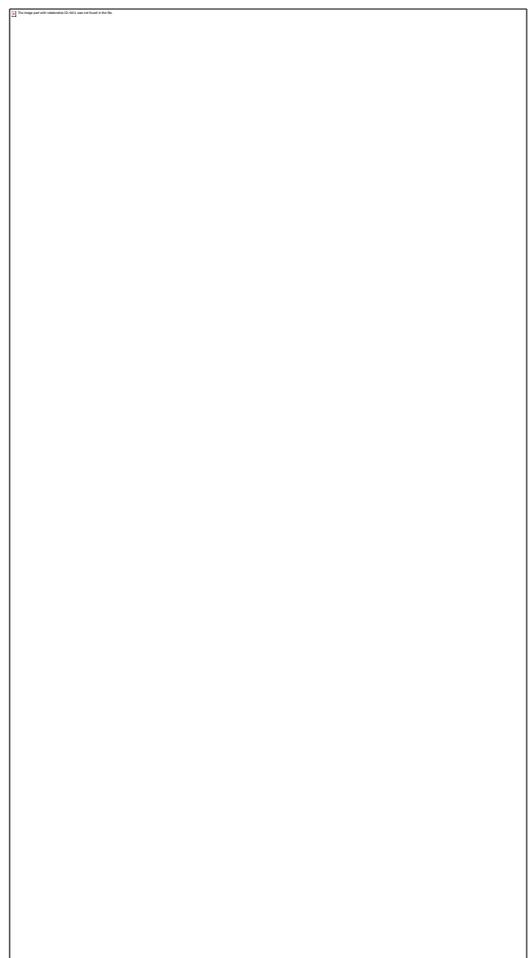

From the bottom of the Bump, follow dirt and sealed roads to the CHECKPOINT at the highway (54km mark). From here you will continue to the southern end of Four Mile Beach. One of the many attractions of Port Douglas, this fine hard beach is considered to be one of the best in far north Queensland. The sand is so firm that the beach has been used for horse races and mountain bike races and also as a landing place by Kingsford Smith and by C.T.P. Ulm en route to New Guinea with the first official air mail.

The finish line is at the northern end of Four Mile Beach. Run until you see the volunteers in their orange shirts, a line of cones, and the Dynamic Running Finish Flag.
